Colum OHeachthanna is a warrior prince from Ireland and a Vampire. He has been around for most of the time that there has been humans on this earth and most of that time he has been without his mate. One September day Katherine MacNamara goes to work like any other day but this is not just any day, it just so happens to be the day of the terrorist attack on the World Trade Center Towers and she is there for a meeting. She doesn't know but today is going to change her life forever and she is going to meet the creature who has loved her for one thousand years. She just doesn't know that yet. On that fateful day she loses her husband, is rescued by Colum and starts a chain of events that will ultimately bring her death... but will Colum be there this time to really save her forever?
