

Taming of the Wolf (Westfield Wolves Book 4)

Regency England has gone to the wolves! He could never lose control... Dashiell Thorpe, Earl of Brimsworth, has spent his life fighting the wolf within him. But when the full moon rises, Dash is helpless. A chance encounter with Caitrin Macleod on a moonlit night inadvertently binds the two together irrevocably, and Dash's impulsiveness plunges them both into a nightmare... She never saw him coming... Caitrin Macleod is no quiet country lass, but a witch with remarkable abilities. But when it comes to Dashiell, she's as helpless to fight his true nature as he is. Her senses overwhelmed, she runs back to the safety and security of her native Scotland... But Dashiell is determined to follow her—she's the only woman who can free him from a fate worse than death. And Caitrin will ultimately have to decide whether she's running from danger, or true love... Praise for *A Certain Wolfish Charm*: *A Certain Wolfish Charm* has bite!
