

# The Works of Mencius (Chinese-English Bilingual Edition) (Chinese Edition)

The Works of Mencius is a record of the speeches and deeds of Mencius and his students. This is a collection of prose, mainly dialogues. There are many long articles of grand style, with sharp arguments, and full of wit, having a deep influence of prose writing afterwards. This book includes the original Chinese verses and the excellent English translation by the famous English Sinologist James Legge, enabling the read to enjoy this charming classic from two points of view.
