

Personal Finance for the New Physician -- Money Management for Residency and Beyond

Medical students and residents have a late start at generating wealth. This book was written in order to educate students and residents about personal finance. Topics addressed include IRAs, 401(k), real estate, insurance, automobiles, credit scores, and much more. After finishing this book, the medical student or resident will possess a thorough understanding of these important personal finance issues, which will serve as the foundation for a solid financial future.
