

## Alloras Valentine

Allora Tate had planned the perfect Valentines Day wedding until her groom-to-be left her standing alone at the altar. She decides to go on her honeymoon by herself and meets Dexter Hammond, the sexy and exciting hotel manager. Dexter sees many beautiful women pass through his hotel, but none have captivated him the way Allora has. He wasn't keen on catching a woman on the rebound, but he couldn't make his heart understand. Determined to catch her attention, Dexter plans a Valentines party for his guests with the hopes of winning her over during the evening.
