Riding and herding. Those spurs that jingle-jangle-jingle. What is it about cowboys that so doggedly fires the imagination? Join the Mischief Corner authors as they give you their own unique takes on the cowboy mystique and mythos, from the American West, to Australia, to outer space. The cowboy story will never be the same. Once A Cowboy - Toni Griffin Its been six years since Jesse Howard has stepped foot on the Western Hills Cattle Station. Now that hes able, Jesses returned. The problem is, hes not returning alone. Will Logan Kennedy, the love of his life, listen to Jesses explanations or will Logan close the door on the future Jesses dreamed about for so long. Accounting for the Hero - Silvia Violet Grant longs for a hero to ride up on his valiant steed and revive his failing ranch, but he hires, Miles, a man with a desperate need for a job and no ranch experience. Miles may know a lot more about bookkeeping than calf-roping, but that doesnt mean hes incapable of heroics or of capturing Grants heart. Sock Poacher and the Shower Thief: Tall Tales of Hoopers Town 1 - Freddy MacKay One step at a time, one foot in front of the other. All things are possible when someone steps outside their door. In Namids case, he meets the town recluse, Dusty, when he gets attacked by Dustys porch. And thats only the beginning. BULL: Corraling Nature 1 - Mathilde Watson Shy, awkward, and overweight, Roland Paulson wasnt the kind of man who attracted a lot of amorous attention. His romantic life consisted of a series of short lived flings and one night stands with other men who were just as desperate. When propositioned by a charming cowboy with the body of a god, he expected sex. He never imagined the wild ride that would follow. From the moment Dodge Bramen set eyes on the adorable red-head he wanted him. And Dodge was a man who gets what he wants.

He had no trouble luring the guy into his bed, but keeping him there was a different story. Deep kept secrets and unexpected discoveries could either strengthen their bond or break it. Fear of Frogs: Brimstone 2 - Angel Martinez While Shax recovers from a near fatality, his shipmates have been busy. Hes rather proud of them taking the initiative and finding them a lucrative cargo run. His pride turns to outright horror, though, when he finds out what sort of cargo. Unfortunately, hell soon discover that a healthy fear of frogs doesnt prevent frog-driven disasters. Time travel has never been so messy.
