

## Time Travel Romance: Regency Affection (Historical Time Travel Romance) (New Adult Comedy Romance Short Stories)

Ellie Bennet has never felt entirely at home anywhere. Raised in the foster system, she has never known a true family life. Her job is unsatisfying and pays very little, and she's expected to put up with all manner of insult for the sake of keeping it. She has only ever felt at home in the pages of her books, most particularly her favorite, *Pride and Prejudice*. After Ellie refuses to put up with unwanted advances from one of her clients, she loses her job and is forced to sell her beloved books to get by. A sympathetic bookseller listens to Ellie's story and gives her a talisman, a book that is not just figuratively a portal to another world, but literally so. It transports Ellie back to Regency England, a trip which is eye-opening and illusion-shattering. She is completely unprepared for this new world and fares badly until she's taken under the wing of the handsome Duke of Ravensworth who vows to help her return to her own time. But while they search for her missing time travel talisman, Ellie finds her feelings for Gabriel St. Albans turning into something far more than gratitude. Will they find her book? If they do find it, will Ellie return to her own time? Will Gabriel ever say the words she wants to hear? And will Ellie ever find her place in time? \*\*\*Bonus story at end of book Regency Surprise \*\*\* Warning! This ebook contains explicit scenes of passion and desire. For adult eyes only!!!
