

## Wisdom Story: Story and life

Everyone is climbing the mountains belong to oneself life, fall, fail, been ruthlessly cut thorns. Only those who will not dwell on the past failures, is not a dream the future, to focus on now, to seize every moment of life, not afraid to a better tomorrow. When we walked in the way of your own life, whether it is experiencing a setback, or have experienced and suffering, it is necessary for us to review those who once gave us numerous incentives and inspiring story, let them drive away over our heads, as we move forward the beacon. When in a hurry and do we stay down, gather the stories, inspiring us forward, sparkling sunshine it see more in life.

What are some of the best wisdom stories about Gautama Buddha? - Quora Life does not tell stories. People do. Life provides raw materials. Raw enough for us to look back and construct at least two versions of our autobiographies. Paper cuts bleed stories of life and wisdom.
