

## Meet the Earl at Midnight (Midnight Meetings)

Its going to take a Beast to tame this BeautyThe Enigma Earl. The Lord Phantom. Thats what the gossip pages call Lord Greenwich, a mysterious nobleman who doesnt show his face in London Society. With a reputation like that, its no wonder that Lydia Montgomery is horrified to be dragged from bed and packed off to live with him to save her mother from penury. While Lydia has received all of the training a lady should endure, shes decidedly un-ladylike. She despises her corset and isnt interested in marriage; in fact, she would prefer to remain unmarried so that she can spend her time improving her art. But if she wants a chance at happiness, shell have to set aside her fear of Lord Greenwich and discover the man hiding behind the beast.
