

Must Love Curves: Six Wicked Shorts

Short, curvy and full of heat -- these six Wicked Shorts and their heroines kick your evening or anytime into high gear as the plus-size beauties find acceptance, love and sexual nirvana in the arms of alphas who know how to make a big, beautiful woman lose her mind. Previously released as singles and totaling 53,000+ words, this collection brings together: Curves for Two -- Thick as thieves since childhood, Chase and Roman have been to hell and back together. Returning from their second tour in Afghanistan, they intend to settle down. There's only one small problem -- they have to convince plus-size beauty Grace Michaels to share their future. First, they need to get her into bed. Curves Ahead -- Plus-size and very single, Rachel is completely blind to just how sexy her smoking hot neighbor Carter Philips thinks she is. After too many failed attempts at dating other men, she's certain no one will ever love her big girl curves. So why not give in to life as a spinster and get a kitten -- a little black ball of fur so mischievous she names him Pan. Pan's latest prank? Opening the bedroom curtains as Rachel sleeps bare assed in bed. What she sees through the patio window when she wakes is an even bigger and far better surprise -- Carter devouring her naked body with a voracious gaze while masturbating. Should she jump up and shut the curtains or roll over and spread her legs? Slow Hand Curves -- Plus-size virgin Amber Rice isn't looking for love, just an orgasm. She's never had one! So her sister-in-law sends her to the DFW Wellness Center for a massage by physical therapist Samuel Slow Hand Pepin. Slow Hand Sam is more than ready to deliver a bone shattering orgasm to the blue-eyed beauty. With Sam mesmerized by Amber's porcelain skin, soft curves and complete innocence, will this Texas virgin get more than she was looking for? Curve Patrol -- Plus-size illustrator Patricia Pattycake Harper lives alone in the

house she grew up in. Her small Georgia neighborhood has changed a lot since she was a kid, but one thing remains constant -- her secret crush on neighborhood hottie Noah Lodge. When a voyeur is reported lurking around Pattys bedroom window, Patrol Officer Lodge is first on the scene. Knowing the pervy perp is still on the loose, Noah does the one thing hes sure will keep his best friends little sister safe. He spends the night in Pattys bed. Sunny with a Chance of Curves -- Cute but chunky weather girl Ursula Cain is certain her super sexy neighbor Jack Santos is the biggest flirt in the universe. In the six months hes lived next door to her, hes asked her out at least once a week. Too bad Jack has a revolving bedroom door and not one of the ladies using it is over a size ten. When Ursula has a bad run of predicting the weather, Jack goads her into a bet. If rain ruins his Saturday soccer game, she has to make it up to him Sunday -- in bed. Spanked by the Vet -- Instead of thanking her long-time crush Cayce Gerard after he rescues her from a truly disastrous date, Ashley Phillips wants to read him the riot act. When the gentle veterinarian uncharacteristically turns her over his knee and starts spanking her spoiled butt, Ashleys protests turn to moans and her secret is finally out. What will the good doctor do?
