

No Such Thing

Two lonely hearts walk into a bar... Love is not only not for Seraphina Callas, its possibly the most toxic substance on the planet. Dumped & publicly humiliated by her ex finance, she takes refuge in the anonymity of a big city. Yes, its for her college roommates wedding, but lifes full of little ironies. Colin Causwell doesnt believe in love, at least not for him. In his experience, women only want him for his money & title. And while the attention can be quite entertaining, the last thing he wants is to find a wife. Especially if all she wants is his wallet & lineage. A chance encounter at a bar leads to more than either of them bargained for, & it only gets more complicated when theyre in the same wedding. Will two people who think theres no such thing as love find their fairytale ending? Or will their mutual distrust of their feelings prove them right? Being clumsy isnt the only reason to fall.
