

Of Flame and Promise: A Weird Girls Novel

Perfect for fans of Keri Arthur and Bella Forrest, this short novel kicks off a sizzling new series in the award-winning Weird Girls saga as Celia's sister Taran fights to have it all: independence, hot romance, and enough firepower to torch an army of blood-thirsty supernaturals. One of my favorite books series. Jessie Potts, USA Today Cursed by a spell meant to destroy them, Taran Wird and her sisters instead developed unique magical talents. With the power of fire and lightning literally at her fingertips, Taran doesn't fear much. Demons, vamps, whatever bring 'em on! Only one thing terrifies her: commitment. Taran is crazy about her boyfriend, Gemini, a sexy were with the incredible ability to split into two separate wolves. But after watching her sister go through heartbreak with the packs Alpha, Taran knows not to count on happily ever after despite Gemini's desire to claim her as his mate. Reluctantly, she agrees to meet his very traditional and conservative parents. Taran is a badass with a mouth to match, and Gemini loves her for it. She's just not positive these attributes will please Mom and Dad. Unsurprisingly, every attempt by Taran to bond with Gemini's folks proves disastrous. But in the end, Taran finds that winning them over means unleashing her powers ... and proving that this foul-mouthed fire-starter is a force to be reckoned with.
