

War and Peace: Essays on Religion and Violence (Key Issues in Modern Sociology)

Reflections on Leo Tolstoy's *War and Peace*, these original essays examine various facets of violence and human efforts to create peace. Religion is deeply involved in both processes: ones that produce violence and ones that seek to create harmony. In the war on terror, radical religion is often seen to be a major cause of inter-group violence. However, these essays show a much more complex picture in which religion is often on the receiving end of conflict that has its origin in the actions of the state in response to tensions between majorities and minorities. As this volume demonstrates, the more public religion becomes, the more likely it is to be imbricated in communal strife.

Anthem Press - Key Issues in Modern Sociology - Academic To understand issues of peace and violence in Hinduism, one must take into Peace within the Hindu kingdoms was also disrupted when Central Asians or Violence of various forms has arisen among religious faiths in India, pitting on ancient, medieval, colonial, postcolonial, and contemporary India.
