

Keep You from Harm (Remedy) (Volume 1)

Secrets They weigh you down. Ive kept a secret all my life. Its my mothers secret, too. I inherited it from her along with a unique ability that only we possess. Shes gone now, another victim of addiction. If her death isnt enough to bring me to my knees, her betrayal flays me to the bone. Because the secret my mother and I have been keeping is just one of many shed kept. She never told me I have an older brother. And now hes here, eager to be my guardian. There is no one else. So I move across the country to live with this stranger, my brother. But experience has taught me that most situations are temporary and forming attachments only leads to hurt in the end. Thats why Im determined to keep to myself in this new place, struggling to seem aloof while Im quietly breaking apart.

Then I meet Lucas His magnetism is hard to resist, and most girls at school arent resisting. I dont fall so easily though, especially not for guys who use their good looks as a weapon. From the start, our interactions are tense and volatile. I know its because Im denying the unwelcome desire that grips me when hes near. I think he feels it, too. He looks at me with an intensity that threatens to unhinge my resolve. Soon hes trying to break through the walls that past hurts have built. But Im not what I appear to be, and it wouldnt be fair to get involved with him. At least thats what I tell myself. Until a terrible act of violence reveals that Lucas has a secret, too. Its a secret that links us together and ties us to an evil history I never could have imagined.
