

Taming the Mistress

As a mistress at a high-end BDSM resort, twenty-nine-year-old Anna is accustomed to being in control. But when a painful breakup leaves her personal life in shambles and her work begins to suffer, she finds herself seeking comfort in the arms of a dominant man for the first time. Though he respects her abilities as a dominatrix, James has always longed to claim Anna as his own, and when he finally gets his chance he sets out to make the most of it. Determined to give her exactly what she needs, he quickly demonstrates that he will not hesitate to take her in hand when she treats him disrespectfully. Having her bottom bared and soundly spanked by a firm-handed man is the most embarrassing thing Anna has ever experienced, but despite her blushing cheeks and burning backside the humiliating chastisement leaves her intensely aroused and yearning for more of James masterful touch. When she surrenders her body to his skilled, dominant lovemaking, she cannot deny that it brings her more pleasure than she would have thought possible, but can she allow herself to submit to a man without giving up everything she has worked so hard to achieve? Publishers Note: Taming the Mistress is a stand-alone sequel to Mastered by the Millionaire. It is an erotic romance novel that includes spankings, sexual scenes, elements of BDSM, and more.
