

Rage and Ice: Love Heals All (Streets Devils MC (Motorcycle Club Romance) Book 2)

Rage I became the president of Street Devils MC when my father was killed. The club is all the family I need along with my immediate family. There were only two things in life I know I never wanted: one a family and two trouble on the door step of my club. But I got both of those things when Isis came seeking refuge at the club with trouble hot on her heels. Although I know I should turn her away to keep the club out of trouble, I dont. I would never turn away a woman in need. I am going to save her even if its the last thing I do. I try to keep my heart out of it but theres just something about her that I want. And I always get what I want. Isis/Ice I never thought I would lose everything I hold dear in one single day but I did. I lost my family by the hands of the same monsters that sold me into the skin trade business. I turn to the one person my father trusted, to help me disappear and get my kids back, Rage. I am running for my life from the man who bought me, straight into the arms of another. I try to stay away from Rage, but just one look from him sends my body into overdrive. I cant stay with him no matter how much my heart wants to, I have too much baggage. I just need to find my kids and run before the man who is after me finally catches up.
