

The Good Mistress: A BWWM Billionaire Romance

Mila Alis fiancé, Warren, is killed in a corporate plane crash. Grief wraps around her heart and soul cushioning her to the outside world and the reality that is now her life. Warren had been many things to her: friend, lover, fiancé and even a part-time savior. After spending too many years working too many hours for a large corporation, Mila was able to let go and love Warren, even at the expense of losing her traditional Somalian father's favor. Nothing could have prepared her for such a devastating loss, yet the fragile bubble she has built around her heart is shattered when Mila comes face to face with Blake Baldwin Billionaire, womanizer, Warren's boss. And the owner of that fateful airplane. Blake Baldwin is too handsome for words, with a body that could melt hearts and a piercing stare that cut through Mila's every defense. The encounter seems to ignite a fascination in the enigmatic Billionaire, one that sends him to the Somalian beauty's door again and again. Mila is not looking for love; she's been there, done that, but Blake will not rest until Mila Ali is his. He thrusts her into a frenzy of confusion, deception, and passion. Blake just may be the bandage Mila's wounded heart and neglected body needs, or he could be the biggest heartbreak of all.
