

Love Beyond Sight (The Outsiders Book 4)

Edens visions kept her isolated, even from the other Outsiders. But in her head, she can hear Samuel--he loves her, supports her--he is her destined soul mate, her other half who will help her in their battle against evil. But, there is a catch; Samuel says they can never see each other. Can there be love without sight? **CONTENT ADVISORY:** This is a re-release title.
