

## The Playboys Baby

When Janie slept with Playboy Billionaire Raymond she knew that it would be a one night stand. Men like him never settle down but she was aware of what she was signing up for when she jumped into bed with him. What she didnt sign up for was becoming pregnant. That was definitely not in the script. Is it possible that Raymond might retire his playboy ways and become a father to the child? Or is Janie set to do this all on her own?
